

MESSAGE FROM OUR PRESIDENT & CEO

Although so many things changed around us this past year, one thing remains unchanged ...we are STILL fulfilling our 39-year mission of *Granting Magical Wishes for young Texans with life-threatening medical conditions*. And we certainly have no plans to stop now! If anything, this recent pandemic has given us an even greater appreciation and understanding of the Magic of a Wish, and of the “routines” many of our wish families experience every day. Isolation, social distancing, infection protocol, essential trips, frequent hand washing, self-quarantine... all part of the daily routine of a family whose child has a compromised immune system. They must do this every single day to protect their child... not just during a pandemic!

With safe travel returning, coupled with the reopening of Disney parks and Give Kids the World Village, we are finally able to resume somewhat normal wish granting operations. With more than 130 Wish applications on hand, **we need your help now more than ever**. And, with Butterfly Wishes, our signature fund raising event cancelled for two years in a row, we have even more work to do to make up for lost revenue and to ensure that we never have to look into the eyes of a child and say “Not today, my child. We simply cannot fulfill your one true wish.” Please consider making a gift today. Because sometimes wishes can’t wait.

With thanks and gratitude, Judy

IN MEMORY OF TRENT, 2012 WISH KID

“Our wish trip was such a turning point in our journey and I am so glad that Trent will be able to help provide trips like that for other families that may be struggling under the weight of a life changing diagnosis. He was treated like such a celebrity on that trip and it helped US learn to recognize what a hero he truly was. We are so thankful for y’all.”

— Trent’s Parents, Nicki & Shane Pace

2020 MAKING WISHES BRIGHT HOLIDAY DRIVE THRU EVENT

Due to the pandemic most events had to be canceled. But we knew that we had to find a safe way to bring some joy to our families during the holidays. So we hosted a Holiday drive thru, providing more than 80 families with a fun and safe experience courtesy of Fort Worth Fire Station 11. Families loved meeting Santa, receiving Christmas stockings, enjoying Christmas cookies and Babe’s Chicken dinners all from the comfort of their cars. Afterward, they were treated to the Gift of Lights exhibit at Texas Motor Speedway. It was a fun filled evening and one that all of our families needed. What a wonderful way to ring in the holidays!

2020 WISH KIDS

JETT and his family were our last wish family to travel to Disney World before the COVID-19 quarantine began. Jett, his big sister and parents, enjoyed a magical week at Give Kids the World Village. While there, they were able to visit Universal Studios, SeaWorld, and all four Disney parks, including the newest attraction Star Wars Galaxy's Edge.

HUNTER'S medical team thought it would be best for his wish trip to happen sooner than later and thus asked a Wish with Wings to rush his wish. Of course, we made it happen and Hunter enjoyed Disney World during the holidays. They spent a magical time enjoying all that Disney and Universal Studios had to offer.

ELI'S Wish for "a snowy Christmas day in Texas with decorations and her favorite Disney characters" was truly amazing and one that brought the community together. As this was our first wish to grant during the pandemic, safety was our top priority for Eli and her family. With help from many local businesses, we were able to bring a snowy Christmas day to Eli on a warm day in May. But that wasn't all, with help from area police, first responders, firefighters, and many others, we pulled off a spectacular Christmas parade (which, of course, included Disney Princesses, Minnie and Mickey Mouse and Santa Claus)!

GEORGIE'S Wish was to spend his remaining time with family and celebrate his life. Although his was a rush wish, we were able to pull it off within hours. He was inpatient at Cook Children's so we brought the celebration to him, delivering decorations for his room, along with steak dinners, brownies, and presents for all the kids. After finding out he had hoped to be a police officer, we asked our heroes at Fort Worth Police Department to help us out. Within hours they gathered more of Fort Worth's finest, including SWAT, Medstar, Firefighters (and Willie the Wish Dog). It was an amazing outpouring of support for Georgie and his family, and a lasting memory they will forever cherish.
